SOLUTIONS
FOR YOUR KITCHEN

GROHE WATER SYSTEMS

Kettle hot or filtered, chilled and sparkling, our water systems deliver ready-to-use water from the convenience of your kitchen tap mixer.

GROHE INNOVATIONS

Intuitive technologies and functional enhancements – as well as outstanding design, we also attach great importance to the intrinsic merits of our products and are continuously working to enhance their level of innovation.

GROHE SOLUTIONS FOR YOUR KITCHEN

The new kitchen range has been developed from the consumer's point of view, with a focus on practicality and problem solving. The numerous functions offered by our fittings are the clearest proof of this. With simple and individual solutions that fit perfectly in even the most difficult installations to provide greater comfort and flexibility, each and every day.

GROHE BLUE®

CHILLED – STILL – LIGHTLY SPARKLING – SPARKLING

No more lugging bottles of water.

Chilled and filtered drinking water directly from your kitchen fitting.

Water preference can be very particular. With the GROHE Blue®, we can cater to your exact taste. Do you like your water still, lightly sparkling or sparkling? Filtered directly from the fitting in your own kitchen, GROHE Blue® combines outstanding design and innovative technology. A high-performance filter, cooler and carbonator deliver a pure taste experience. The temperature and intensity of the water flow are regulated as usual using the fitting's operating lever. The left rotary knob with integrated LED display regulates the carbonic acid content of the filtered and chilled water.

Our range of designs is as diverse as our customers

GROHE Blue® technology comes in four outstanding fitting designs. Choose between the GROHE Blue®, the GROHE Blue® Minta, the GROHE Blue® K7 or the GROHE Blue® Mono.

If you do not want to change your current kitchen fitting but still want to enjoy the benefits of the GROHE Blue®, we have another solution for you: the 'Mono' version of GROHE Blue®. The Mono tap can be simply installed on your worktop in harmony with your existing kitchen fitting.

Blue: Still water

Turquoise: Lightly sparkling water

Green: Sparkling water

GROHE RED® – DUO & MONO KETTLE HOT WATER IN AN INSTANT.

GROHE Red™
online

The water's hot!

Take a moment to count up just how many times you need boiling water in the kitchen. When you're looking forward to a nice cup of tea, when you want pasta in tomato sauce this instant, blanching vegetables. This list goes on...

Make room for the important things in your kitchen.

Kettle hot water. In the past you would have needed a pot or kettle, now it comes directly from the tap. The innovative GROHE Red® boiler system keeps four litres of hot water ready for immediate use at all times.

Outstanding application examples

Cooking pasta

Making tea and coffee

Removing the skin from tomatoes and other fruit

GROHE MINTA TOUCH

CLEAN – HYGIENIC – SAFE

NEW

Minta Touch
online

Never before has technology been so touchable

It's easy to fall in love with the GROHE Minta Touch. It's sensitive. With its innovative EasyTouch technology, it instinctively reacts to the slightest touch. It's clean-living - just because your hands maybe dirty, doesn't mean your fittings should be, too. And it's beautiful, with shining chrome that stays that way, for years to come, thanks to GROHE StarLight® technology. One tap of the Minta Touch with the back of your hand, wrist or forearm is all it takes to turn it on or off, keeping the mixer clean and hygienic at all times.

Easy to use

When your hands are clean, simply use the manual lever to adjust flow and temperature. GROHE Minta Touch is simple, sensual, moving – a hybrid mixer that intelligently unites two operating functions.

GROHE K7 F-DIGITAL

INTUITIVE TECHNOLOGY FOR THE KITCHEN

NEW

K7 F-digital
online

K7 F-digital fuses the latest technology with award-winning design, resulting in a kitchen mixer that is ergonomic, convenient and water efficient.

Unlimited Flexibility

Place the Digital Controller wherever you want. The surface-mounted controller is battery-powered, so there's no need to drill a second hole in the work surface.

Save Water and Energy

Use the Pause function while cleaning up or rinsing dishes to help reduce your water and energy consumption.

The Perfect Temperature at a Glance

A ring of coloured light on the controller gives you visual feedback as you change the water temperature.

Personalise the Experience

Once you've found your perfect combination of water temperature and flow, use the memory function to save your settings.

Convenience and Safety

The flow of water stops automatically after an individually pre-set time. This smart function enables you to fill a sink at the touch of the button and, for total security, prevents overflows and flooding.

Press the on/off button to start the water flow.

Turn the ring which surrounds the controller to adjust the water flow.

Use the minus (-) button to decrease the temperature.

Use the plus (+) button to increase the temperature.

GROHE K7

DESIGN – FUNCTIONALITY – COMFORT

K7 online

With the GROHE K7, we are redefining the focal point of your kitchen.

In the kitchen, a lot depends on skill and timing. Professional chefs know this better than anyone. That is why the K7 has also been developed in professional kitchens with insight and feedback from professionals and geared to the needs of home chefs.

Design and functionality in perfect harmony

With the minimalist design idiom of the GROHE K7, designer Paul Flowers has accentuated the aesthetics of high-end, purist kitchens and combined perfect beauty with perfect function. The GROHE K7 is so functional that you can devote your full attention to what you are doing. The professional spray can be pulled out, turned and swivelled 360° and operated with one hand. Furthermore, you can switch back and forth between the spray and mousseur without having to turn off the water. Voilà.

GROHE BRIDGEFORD

TRADITIONAL STYLE – MODERN PERFORMANCE

Inspired by the best of traditional architecture and décor, the Bridgeford range of kitchen mixer cleverly combines the design aesthetics of the past with the technology of today. Both the one-hole and two-hole kitchen mixers have an authentic Victorian feel and are available in GROHE StarLight® chrome.

GROHE MINTA CLASSIC – MODERN – VERSATILE

Minta
online

For every design requirement

It's not just any kitchen – it's your kitchen, your interpretation of modern interior architecture. It's a place where well-thought-out details, form and function come together to create something very special. And it's the perfect setting for Minta.

The timeless classic: modern, attractive and versatile

Available with a choice of three striking spout versions that blend harmoniously into the modern kitchen aesthetic. Reminiscent of the graphic forms of the letters C, U and L, they feature a tubular swivel spout and pull-out mousseur or pull-out spray, while the comfortable height of the spout makes it easier to fill tall pots.

The elegant operating lever ensures easy and precise operation thanks to GROHE SilkMove® technology. GROHE StarLight® technology guarantees a long-lasting shine to the chromium finish. Fans of the professional kitchen look will particularly enjoy the versions with stainless steel look and the ease with which water savings can be made using the patented GROHE EcoJoy™.

GROHE ZEDRA ERGONOMIC – COMFORTABLE – ELEGANT

Zedra
online

Elegance and harmony combined

Zedra combines contemporary design and maximum functionality with proven reliability for rigorous everyday use. The body flows elegantly into the wide swivel spout – a classic example of the GROHE design aesthetic – and now comes with an improved mechanism for retracting the pull-down spray.

The extensive range offers lots of variety

Choose between versions with a pull-out spray that extends the operating range of each model. Limescale on the flexible pull-out sprays can be easily removed thanks to the SpeedClean nozzles. Zedra comes in two high-quality finishes: our high-gloss chromium GROHE StarLight® or solid stainless steel (18/10).

Whichever you choose, GROHE SilkMove® will ensure long-lasting smooth movement.

GROHE EUROCUBE SQUARE – STRAIGHT LINES – MINIMALIST

Eurocube
online

Clear design idiom for the minimalist kitchen

In today's Cosmopolitan kitchens the freshest designs and the freshest ingredients go hand in hand. Featuring a crisp, linear silhouette, Eurocube introduces true square design to the kitchen, while an eye-catching cut-out detail on the faucet lever enhances its architectural appeal.

Naturally, Eurocube also benefits from two of our leading technologies: GROHE SilkMove®, for comfortable and precise control of the water flow and GROHE StarLight® for an intense chrome shine, which resists dirt and tarnishing and highlights its minimalist form.

GROHE EURODISC COSMO VERSATILE & INDIVIDUAL

Eurodisc
Cosmo
online

Leaves no wish unfulfilled

In developing Eurodisc Cosmopolitan, we thought about discerning individuals who hone in an attention to detail and nuances. The high-gloss chrome finish elegantly emphasises the tapered edges. You can expect the same perfection in the form and functionality of this range.

Choose between three different spout heights, different versions and countless installation options. Whatever choice you make, you are guaranteed an attractive appearance and easy operation over the lifetime of the mixer, thanks to GROHE SilkMove® cartridges and GROHE StarLight® chrome finish.

GROHE CONCETTO

YOUNG – DYNAMIC – SOPHISTICATED

Concetto
online

Consistently cylindrical

Concetto combines stylish minimalist design with superior ergonomics to reflect the core values of the Cosmopolitan design. Consisting of a series of cylinders, an arched or medium height spout rises elegantly from the sink. Its purist beauty is highlighted by the high-gloss GROHE StarLight® chrome finish which repels dirt and prevents tarnishing. GROHE SilkMove® technology enables fingertip control of water flow and temperature. And all with an unbeatable price/performance ratio.

The tried-and-tested fittings with a flat and high spout are combined with medium-height variants to ensure the right kitchen fitting in the distinctive Concetto design for every sink and to cater requirements – it is also available in a stainless steel look.

The Concetto range also offers variants for functional kitchens for installation in front of a window, with dishwasher shut-off valve and even for low-pressure applications.

GROHE AMBI

ELEGANT DESIGN, ADVANCED ENGINEERING
& FANTASTIC FUNCTIONALITY

With its classic curves, the new Ambi range of kitchen sink mixer is a perfect blend of elegant design, advanced engineering and fantastic functionality. The Ambi faucets, which feature GROHE StarLight® for a superb and durable finish, come in two eye-catching styles. The cool and sleek Cosmopolitan mixer is guaranteed to complement any modern kitchen while the Contemporary mixer is designed to withstand the rigorous demands of a busy family.

GROHE EUROSMART COSMO

MODERN LOOK – PROVEN QUALITY

Eurosmart
Cosmo
online

The perfect entry-level fitting from GROHE

The new Eurosmart Cosmopolitan collection of kitchen taps combines the clean, geometric lines of modern architecture with durable technology. They offer an impressive balance of modern aesthetics and excellent ergonomics. The swivel spout is convenient and easy to use – an ideal complement to any sink.

Proven technologies such as GROHE SilkMove® for precise and smooth control and the renowned GROHE StarLight® chrome finish ensures functionality along with a flawless appearance, even after many years of use. The GROHE EcoJoy™ version of the Eurosmart Cosmopolitan kitchen mixer effortlessly saves water and energy. GROHE EcoJoy™ reduces the maximum flow rate to 5.7 litres per minute – although it will feel like much more. And all with an unbeatable price/performance ratio.

GROHE SUPERSTEEL

SUPER LOOKS – SUPER RESISTANCE

To fulfil its purpose, a kitchen fitting needs to be resistant. The only thing that needs to be even more resistant is the materials it is made from. GROHE's SuperSteel surface fits the bill. In fact, the innovative PVD coating is ten times more scratch-resistant than chromium. The silk-matt stainless steel surface not only looks unbelievably good, but also demonstrates its resistance in daily use. Fingerprints on the surface? Not here. And nowhere on the surface for microbes and bacteria to lurk either, which in turn reduces the microbial count. So the surface of the fitting stays hygienically clean, day after day.
