Eko is perfect for even the smallest of bathrooms, cloakrooms and ensuites. The compact 450mm washbasin maximises storage with a soft close door instead of a drawer, while the wall mounted design of the Eko range enhances the illusion of space.

The Eko range is available in a number of finishes including the newly introduced contemporary Bardolino Oak and Graphite Gloss.

Create a striking finish with the use of two 550 units together. Shown with bar handle.

The Eko range comes in various sizes, finishes and handle options, allowing the units to fit individual spaces.

The new handle options for washbasin and tall units can transform the appearance of your furniture, giving greater versatility. Choose between the minimalist Groove Door or Slab Door with preferred handle.

The 550mm basin unit shown is an ideal size for most bathrooms, providing a contemporary alternative to a standard basin and pedestal.

The new Bardolino Oak finish with Groove door creates a clean, minimalist and streamlined look.

The Graphite Gloss finish is moody and sophisticated, adding an edge to the 750mm unit. This finish creates a striking contrast to the precise angles and geometry of the crisp white basin.
